

Please find below the models to be discontinued and the replacement part numbers, case.

as can be seen we are introducing a substantial number of new variants. The -E- notation signifies a European size (95mm x 95mm approx)

Current Model		Equivalent	
T8001	Ventostat 8001 CO ₂ Sensor No Display	T8100-E	Wall mount CO2 Sensor for standard ventilation applications with ntc.
T8001B	As 8001 with Conformal coated electronics and high temperature enclosure (UL94-5V) allowing for installation in harsh environments.	T8100-B	Wall mount CO2 Sensor for standard ventilation applications with ntc. Black US Size Case.
T8002	Ventostat 8002 CO ₂ Sensor with a display and a keypad for sensor programming without software.	T8100-E-D	Wall mount CO2 Sensor for standard ventilation applications, digital CO2 display and ntc.
T8002B	As 8002 with Conformal coated electronics and high temperature enclosure (UL94-5V) allowing for installation in harsh environments.	T8100-DB	Wall mount CO2 Sensor for standard ventilation applications, digital CO2 display and ntc. Black US size case.
	NEW	T8100-E-H	Wall mount CO2 Sensor for standard ventilation applications with active temp and humidity, and ntc.
	NEW	T8100-E-HD	Wall mount CO2 Sensor for standard ventilation applications active temp and hum outputs, digital display.
T8102	Ventostat 8102 CO ₂ Sensor with Display for use in 24/7 CO ₂ monitoring applications. Equipped with a dual beam sensor, it provides higher accuracy and stability over time. The display and keypad allow for sensor programming without software.	T8200-E-D	Wall mount CO2 Sensor for 24/7 ventilation applications with digital CO2 display and ntc.
	NEW	T8200-DB	Wall mount CO2 Sensor for 24/7 ventilation applications with digital CO2 display and ntc. Black US Size Case.
	NEW	T8200-HDB	Wall mount CO2 Sensor for 24/7 ventilation applications with active temperature and humidity outputs, digital display. Black US Size Case.
	NEW	T8700-E	Wall mount Temp and Humidity Sensor with ntc.
	NEW	T8700-E-D	Wall mount temp and Humidity Sensor with digital display and ntc.
	NEW	T8200-E	Wall mount CO2 Sensor for 24/7 ventilation applications with ntc.
T8102B	As 8102 with Conformal coated electronics and high temperature enclosure (UL94-5V) allowing for installation in harsh environments.	T8200-B	Wall mount CO2 Sensor for 24/7 ventilation applications with ntc. Black US Size Case.
T8041	Ventostat Duct Probe CO2 Transmitter (0-10V Output, <150mm duct)	T8041	Ventostat Duct Probe CO2 Transmitter (0-10V Output, <150mm duct)
	NEW	T8042	Ventostat Duct Probe CO2 Transmitter (0-10V Output, >150mm duct)
T5001	Airestat CO2 Transmitter (No Logo, No LED)	T5001	Airestat CO2 Transmitter (No Logo, No LED)
T5003	Airestat CO2 Transmitter (With Logo, No LED)	T5003	Airestat CO2 Transmitter (With Logo, No LED)
T5005	Airestat CO2 Transmitter with Visual Limit Indicator (No Logo, With LED)	T5005	Airestat CO2 Transmitter with Visual Limit Indicator (No Logo, With LED)
T5007	Airestat CO2 Transmitter with Visual Limit Indicator (With Logo, With LED)	T5007	Airestat CO2 Transmitter with Visual Limit Indicator (With Logo, With LED)
T8012	Airestat CO2 Transmitter. (85-230V supply) 6 colour LED indication, 230V rated output switch.	T8012	Airestat CO2 Transmitter. (85-230V supply) 6 colour LED indication, 230V rated output switch.
